

Industrial Designer

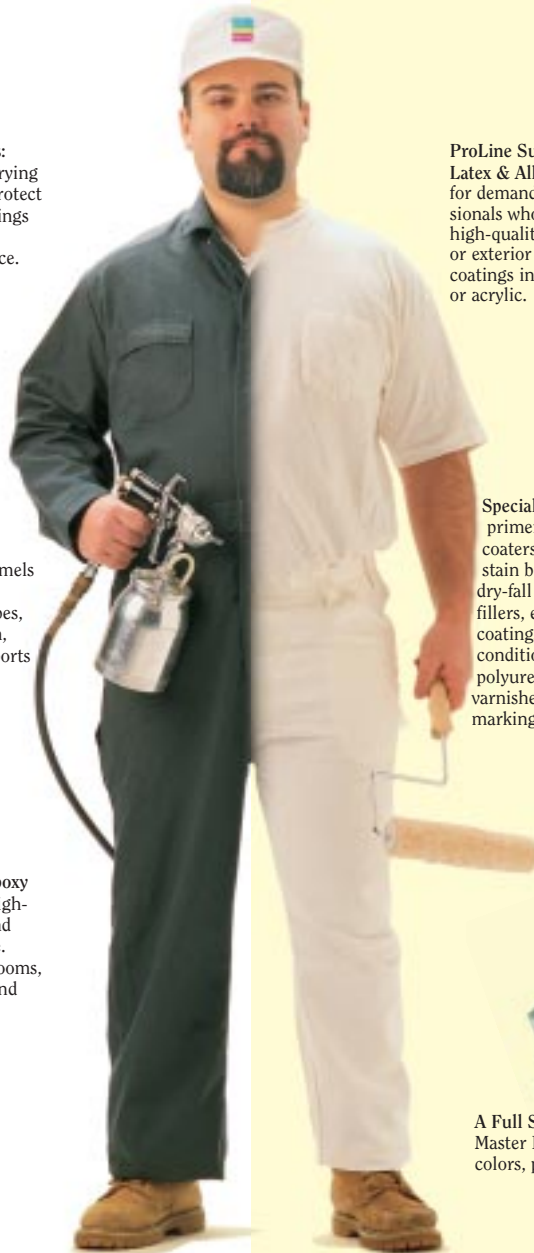

Shopcoat Primers: heavy-duty, fast-drying primers to seal, protect and enhance coatings for the optimum finished appearance.

Industrial Alkyd Enamels: multi-purpose, interior/exterior gloss enamels for machinery, railings, fire escapes, pipe identification, pumps, steel supports and more.

Recoatable/Self-Leveling 100% Epoxy Floor Coatings: high-gloss, seamless and extremely durable. Perfect for cleanrooms, labs, workshops and aircraft hangers.

ProLine Supreme™ Latex & Alkyd Paints: for demanding professionals who require high-quality, interior or exterior commercial coatings in latex, alkyd or acrylic.

Specialty Paints: primers, undercoaters, sealers, stain blockers, dry-fall paints, block fillers, elastomeric coatings, masonry conditioners, polyurethanes, varnishes and traffic-marking paints.

A Full Spectrum Of Color Expertise: any of our Master Industrial Distributors can tint hundreds of colors, perfectly matching your existing applications.
